All praise is due to Allah, who said in His Holy Book: “The Unbelievers spend their wealth to hinder (man) from the path of Allah, and so will they continue to spend; but in the end they will have (only) regrets and sighs; at length they will be overcome: and the Unbelievers will be gathered together to Hell.” [Al-Anfal 36]

Peace and prayers be upon the Messenger of Allah, who said, as it came in the Musnad and others from the Hadith of Tamim al-Dari: "This matter will certainly reach every place touched by the night and day. Allah will not leave a house or residence but that Allah will cause this religion to enter it, by which the honourable will be honoured and the disgraceful will be disgraced. Allah will honour the honourable with Islam and he will disgrace the disgraceful with unbelief."

And henceforth:

To our Muslim Ummah in general, and to our people in the Islamic Maghrib in particular and especially to the people of Chinguetti, I greet you with the blessed righteous and eternal greeting of Islam: Peace, mercy, and blessings of Allah be upon you.

He who reflects on the situation of our Ummah today will certainly realise the size of the conspiracy by the enemies against it and their opposition, to the point that most of their conferences, if not all, are about this matter specifically, and it is for this that they utilized a major part of their plunder from the fortunes of our territories. The matter is not limited to this, for they pushed the sons of our Ummah and even its daughters into their dirty war against Islam. They hide behind them for protection from the strikes of the mujahid vanguard of this Ummah, and turned them into the striking hand that wreaks havoc on the people of the Muslim Ummah. This is the most they can achieve of their arrogant malice. May Allah not accomplish for them a purpose, and may He not raise a flag for them, and may He make them a lesson and a warning for those after them.

One of their most recent conspiracies and conferences in which they plot against Islam and its people in our region, was their recent event in the territory of Chinguetti, the land of knowledge and the knowledgeable, and hospitality and the hospitable. The leaders of Crusader colonial France came with their swarthy and their riff-raff to make of Chinguetti the launch pad to accomplish their goals and objectives in their war against Islam and Muslims. May they be disappointed and meet with loss. It is as though they did not hear the words of Chinguetti:

(Poetry)

Till the end of what he said, may Allah have mercy on him, that motivates and sharpens the determination.

It is as if they have forgotten or pretended to forget the defeat they suffered at the hands of righteous men who united and gathered over the repeated calls from some people of knowledge and honour in the territory. Refer, if you wish, the books of history about this land will inform you of what happened to them in Umm al-Tunisi and Takant and especially in al-Nimlan and elsewhere. May Allah have mercy on the proud and towering souls, and may peace be upon their good and pure spirits.

This act by France carries a loud message to the kind people of the country to the effect that, in the past we used to plot from your land against your territory and Muslims in secret. But we do not see why we should hide our face to hide our conspiracy today. Whoever is pleased shall have pleasure, and whoever is displeased shall have displeasure. We do not care about you, your emotions or your feelings, as long as our hands manage the country and rule it on our behalf, carry our orders literally, and rush to please us. Proof of this fact is the appearance of your agent and representative in the country before his master these days in that despicable picture circulated by social media activists poking fun at him, and they are right to ridicule the likes of him - **"And such as Allah shall disgrace, none can raise to honour."** [Al-Hajj 18]

The conspiracy by the Crusaders and the swarthy and their riff-raff from the territory against our brothers and neighbours to whom we are bonded by the virtue of the ties of faith, brotherhood, kinship, and neighborliness, is an unforgivable sin by whoever initiated it and participated in it among the agents of occupation who rule oppressively in this territory. We know with certainty that the good folks of this territory completely reject this, and the signs of that have appeared in several social media pages. But we ask them to do more, especially the people of knowledge and the social media activists who have a reputation in the community. The posting of such facts and exposing them to people is a responsibility entrusted to you. Publishing them spreads awareness in our society. We believe that to be, Allah willing, a verbal jihad, the importance of which in the faith is immense.

What was plotted in the country these days in terms of malice by France and its swarthy and riff-raff, is but one stop among the stops of that filthy colonial war waged by France and its allies for many years against our brothers and our neighbours. This was condemned by those righteous people of knowledge in this

country. They exposed its truth the day it broke out, may Allah reward them on behalf of Islam and its people, and may Allah bless them and make them and their knowledge beneficial. With us a truth that is evident to everyone except whoever is absent from their reality or arrogant, blinded by desire to see the truth, which is that the rulers of the region are, whether we want it or not, agents for the enemy. They apply their order and heed their warning. They made them with their measure, entrusted them with their confidence, and assigned them to positions to serve their interests. He who scrutinizes what they did in our countries and how they treat our people and their hastening to carry out the orders of our enemy will see the matter very clearly.

Army graduates who usurped the rule in our country and other Muslim countries have the greatest share of this, and it no wonder, since the womb of the military is malice, and one whose inside is malice only produces misery. Do not be fooled by what the usurper of power among them pretends to be from time to time. He may brag what he believes to be good morals, but they are in fact a mirage, like water conjured by the thirsty, where once he advances towards it he finds it to be nothing. See his complicity and continuation of the falsehoods enacted by his predecessor, such as drying up the sources of good acts by closing the schools of knowledge. Indeed, the closure of these causes the death of souls and hearts, where they are disconnected from what feeds them and keeps them alive. At the same time, the doors of houses of immorality and entertainment are wide open, even though everybody knows they are the cause of the destruction and ruin of societies. This action exposes him and informs every ignorant person of what he hides. And this fabrication can only warrant more wishes and demands from his American and French masters and their agents, the Arab Zionists such as the tyrants of the Emirates. They stated many times in their research studies that nothing is more effective to obliterate the renaissance of this Ummah than draining the sources of terrorism, as they believe them to be! They mean the institutes of Shari'ah science which allows the Muslim who studies in them to understand what Allah wants of him and then his obligations towards himself, community, and his Ummah. But they did not succeed despite their efforts, and they never will, Alla permitting. Allah refuses everything but the propagation of His truth despite the will of the infidels. And they did not consider the description of them by Allah: **"Those who love the life of this world more than the Hereafter, who hinder (men) from the Path of Allah and seek therein something crooked: they are astray by a long distance."** [Ibrahim 3]

Our country not only suffered from the tutelage of the army, their mischief, and their brutality, but our neighbour Algeria suffered and it is still suffering. Our

neighbour Libya suffered greatly, especially in the recent years, at the hands of the defeated fool Haftar. Our neighbour Egypt, too. It is enough that the latter has become an example people use. This is the situation in every country where their oppression prevailed. May Allah sever their ears and turn their plots into their slaughter.

On this occasion, your brothers ask you to rise up and march out to defend territory and honour, since you are the help and the support after Allah for your brothers and the vanguard of your Ummah, especially the people of knowledge, our masters and commanders to whom we have the obligation to obey in virtue. Thanks to them, honours are preserved, the truth is distinguished from falsehood, and the youths of the Ummah are protected against the misguidance of excess and deviance. We also point out those with specialization in any other field. All the strata of society these days, communities, groups, and individuals, need to unite their efforts, mobilize their energies, and stand aligned against the enemy until they rid their countries of tyrannical rule, apply the Shar'iah of their lord, and free every inch usurped from their countries, especially the holy sites, and release them from captivity. They are indeed worthy of helping and supporting one another, counseling one another and cooperating on this issue against their enemy who has gathered energies and strived to their utmost to fight them, even though they only get together for this matter, considering that they have different interests, and come from different communities, faiths, and hearts. **"Thou wouldst think they were united, but their hearts are divided: that is because they are a people devoid of wisdom."** [Al-Hashr 14]

As for you O Crusaders, we vow solemnly to Allah, to whom we pledged allegiance, to fight you and your agents, without tiring or retiring, Allah permitting, you will not have peace as long as we live, until Allah grants us victory over you or we obtain martyrdom that will erase our errors and will please our Lord, and He will excuse us and our kinship. So die in your rage. He knows what is in the hearts.

O Allah, have mercy on the Ummah of Muhammad, peace and prayers of Allah be upon him!

O Allah, heal the Ummah of Muhammad, peace and prayers of Allah be upon him!

O Allah, forgive the Ummah of Muhammad, peace and prayers of Allah be upon him!

O Allah, empower the Ummah of Muhammad, peace and prayers of Allah be upon him!

O Allah, unite their ranks, fill their armies, and send its brigades! Purify its intentions! Support it against its enemies!

O Allah, release its prisoners, protect its blood, heal its sick, liberate its territories from the mischief of the colonizer and purify it from the rule of tyranny! Guide its people, men, women, youths and children, and have mercy on their dead, and heal their sick!

Amen, O Allah!

Our last supplication is praise is due to Allah, the Lord of the Worlds.
